

2021 CLARITY KICKSTART

I am hosting a free LIVE online training series called **2021 Clarity Kickstart**. Click [here](#) to access 'Recommendations with Impact : the 4 Pillars' to see how this compares with your current practice.

I am joined by Marian Brandon, Emeritus Professor of Social Work and Director of the Centre for Research on Children and Families at the University of East Anglia.

The training is designed to apply to all forms of review, exploring how & when your recommendations can exert greater influence, & reversing the default position that these are the only way to make a difference in 2021.

Join us on **27th January 2021** from **2:00-3:00pm** for this FREE live training & be sure to leave with takeaways to implement in your next review. Click [here](#) to reserve your seat.

'How to Create Impact in your Review without Adding Layers of Recommendations' by Marian Brandon & Donna Ohdedar

In this training we will share:

- How to make the the 4 Pillars work for you, taking account of feedback from a national survey of Local Safeguarding Children Boards on how different methodologies are received.
- What impact can be achieved by placing high value on the process, allowing agencies to reflect on how they want to influence an existing action plan, with less emphasis on creating numerous tangible outputs.
- **THE BIG QUESTION:** with a 2020 backdrop of reduced insight into the practitioner world, how we can receive feedback on the system & elicit rapid, relevant learning which is immediately implementable on the ground.
